Omega AAM 953 Engine Oil System Cleaner

# SPECIAL FEATURES

**Omega AAM 953 Engine Oil System Cleaner** is quality designed and developed with a blend of additives to clean and protect vital engine parts before every engine oil-change.

- It contains a package of dispersant and detergent for complete and effective cleaning performance on the engine oil system, providing cleanliness in the oil system before changing engine oil.
- It dissolves and removes sticky oil sludge in the crankcase, piston rings, hydraulic valve lifters, oil ducts and all other parts in the engine oil circulation system.
- It is also fortified with a special package of additives to protect engine components and gaskets from wear and high loads.

# OUTSTANDING PROPERTIES

**Omega AAM 953** is a premium engine oil system cleaner that:

- Maintains engine oil protection and prevents contamination of new engine oil by residues left behind.
- Promotes and ensures a more complete draining of used engine oil for every oil change.
- Reduces engine oil consumption resulting from blocked oil drain return holes.
- Provides excellent protection against wear and extrusion when cleaning the engine.
- Ultimately extends the service life of new engine oil.

# USE FOR

Recommend applying **Omega AAM 953** before every oil-change.

**Omega AAM 953** is suitable for any gasoline engine.

Easy to use – Simply add one bottle (300ml) of **Omega AAM 953** to the used engine oil. One bottle is designed for up to six (6) liters of engine oil.

For a complete and efficient preventive oil service to improve engine performance, use this product with other Omega AAM products designed for engine oil systems of gasoline-powered passenger vehicles.
