

AAM 954

Supreme Engine Oil Treatment

- *Forms a solid layer on metal surfaces for multi-protection to the engines prior to engine oil change.*
- *Protects the engine oils against premature deterioration.*
- *Prevents excessive oil consumption.*
- *Helps improve engine performance.*
- *Contains no solid particles and does not harm the catalytic converters.*
- *For use with all grades of gasoline engine oils that contain mid-to-high level of SAPS.*

SPECIAL FEATURES

Omega AAM 954 Supreme Engine Oil Treatment is formulated with a balanced package of additives to offer multi-protection to the engines and engine oils.

- It forms a solid protective film on metal surfaces to protect engine parts from metal-to-metal wear, especially in cold start and stop/start driving conditions.
- It helps protect the engine oil by retarding the onset of oxidation and the engine parts from damage by corrosion and rust.
- It protects engine oil from high temperatures and high loads - keeping engine oil pressure at elevated operating temperatures and improving compression and performance of the engines.
- It maintains and improves the viscosity index of engine oils and prevents premature thickening of new oils.

OUTSTANDING PROPERTIES

Omega AAM 954 is an effective and efficient engine oil treatment that:

- Helps maintain and even enhance the performance of engines oils.
- Prevents excessive engine oil consumption.
- Reduces exhaust fumes and is not harmful to catalytic converters.
- Contains no solid particles that may be harmful to engine oil passages.
- Prolongs service life of gasoline engine oils that are formulated with additive package containing mid to high level of SAPS (Sulphated Ash, Phosphorous & Sulphur).

USE FOR

Easy to use – Add **Omega AAM 954** directly to the engine oil. One bottle (300ml) of **Omega AAM 954** can treat 4 to 6 liters of engine oil.

Omega AAM 954 is compatible with all grades of gasoline engine oils prior to SP grade.

Use this product with Omega AAM 953 Engine Oil System Cleaner for a complete and efficient preventive oil service to improve engine performance.
