

AAM 955

Fully Syn Friction Proof Plus

- *Effectively reduces engine wear, friction, and engine noise.*
- *Improves performance of the engine oils and engines at high-performance driving conditions.*
- *Prevents excessive formation of sludge and other deposits and keeps the lubrication system clean.*
- *Compatible with a wide range of engine oils.*

Omega AAM 955 Fully Syn Friction Proof Plus

SPECIAL FEATURES

Omega AAM 955 Fully Syn Friction Proof Plus is quality designed with advanced friction modification technology and synthetic formulation to offer multiple benefits to the drivers.

- **Omega AAM 955** rapidly penetrates and bonds to metal surfaces to form a microscopic lubricating film between metal surfaces, even under start-up and severe driving conditions of high-performance engines, helping to protect critical engine components from wear and to reduce friction.
- By reducing friction and wear, **Omega AAM 955** effectively lowers engine noise and vibration. Moreover, it helps reduce power losses and improve responsiveness, allowing the engine to deliver maximum power output.
- **Omega AAM 955** offers exceptional resistance to thermal degradation and oxidation, enhancing the performance of engine oils and preventing premature breakdown of engine oils at elevated engine operating temperatures.

OUTSTANDING PROPERTIES

In addition to friction proofing and synthetic formulation, **Omega AAM 955** is formulated with a proprietary package of performance polymers and additives that:

- Reduces sludge and varnish build-up in engines, keeping cleanliness in the engines and improving engine efficiency.
- Lowers the risk of oil filter clogging and keeps the oil lubrication system clean, ensuring proper flow of engine oils.
- Enhances rust and corrosion protection and reduces oil thickening, prolonging the oil service life.
- Is compatible with a wide range of engine oils and materials, making it a versatile solution that can be used in many different makes and models of vehicles.

USE FOR

Recommend using **Omega AAM 955** at each oil change interval. Add **Omega AAM 955** directly to the engine oil. One bottle (300ml) of Omega AAM 955 can treat up to six (6) liters of engine oil.

Omega AAM 955 is compatible with all grades of gasoline engine oils including low SAPS oils such as SP/GF6 grades of oils.

Omega AAM 955 is especially suitable for use in cars equipped with GPF or DPF.

Use this product with Omega AAM 953 Engine Oil System Cleaner for a complete and efficient preventive oil service to improve engine performance.
