“AIRCOMATIC®” Machine  
Omega AAM 9578

## OMEGA ULTIMATE LUBRICANTS

## SPECIAL FEATURES

**Omega AAM 9578 "AIRCOMATIC®" machine** is designed to be used exclusively with Omega AAM 957 AirCon Cleaner Plus and Omega AAM 958 AirCon Purifier. Here are the key features that make it unique:

- **Omega AAM 9578** utilizes ultrasonic technology to change the Omega AAM 957 and Omega AAM 958 liquid into fine vapor that penetrates the A/C system (including the evaporator) and nebulizes the entire vehicle's interior – assuring an infection-free A/C system and an odor-free vehicle interior.
- The built-in ozone generator of **Omega AAM 9578** produces ozone during a programmed time. Concentration of the ozone produced does not exceed dangerous quantities. Ozone reacts with the molecules that create bad smells and helps to neutralize them. This leads to optimal removal of bad smells in the interior of vehicle and safe re-entry of the vehicle immediately after the treatment.

## OUTSTANDING PROPERTIES

**Omega AAM 9578** offers the outstanding properties below:

- **Omega AAM 9578** is designed for easy handling and storage, optimizing space utilization and making it suitable for vehicles with limited space.
- **Omega AAM 9578** is designed with an intuitive control panel that simplifies operation, allowing users to easily select settings, monitor progress, and adjust parameters as needed.
- **Omega AAM 9578** is easy to use and is highly automated. Once the treatment with Omega AAM 957 or Omega AAM 958 is completed, the machine will automatically switch off.

## USE FOR

Use **Omega AAM 9578 "AIRCOMATIC®" machine** with Omega AAM 957 AirCon Cleaner Plus and Omega AAM 958 AirCon Purifier.

1/ Treatment with Omega AAM957: To clean and remove a wide range of contaminants, including dirt, grease, and organic deposits, from A/C systems and to eliminate bad odors in A/C systems of vehicles.

2/ Treatment with ozone followed by nebulization of Omega AAM 958: To eliminate even the worst odors in the interior of vehicles.

Refer to the user manual of **Omega AAM 9578** for specific instructions and safety precautions before use.
