SPECIAL FEATURES

The advanced features and benefits of **Omega AAM 958 AirCon Purifier** set it apart from more basic or generic air purifiers for cars. It offers a comprehensive solution for improving indoor air quality and maintaining a healthier, more comfortable driving experience.

- **Omega AAM 958** can remove a broader spectrum of airborne allergens, pollutants, and contaminants compared to many other air purifiers. It eliminates bad odors originating from pet smells, cigarette smoke, spilled food, body odor, garbage, onion and garlic odor, mold, vomit, etc.
- **Omega AAM 958** quickly and effectively removes odors from fabric fibers, such as car seats, carpets, curtains, etc.
- **Omega AAM 958** contains a special “quenching” agent that helps absorb and neutralize unpleasant odors through intermolecular reactions. It does not just mask but eliminates the bad odors.

OUTSTANDING PROPERTIES

Omega AAM 958 is quality engineered to improve the overall air quality inside the vehicles, thereby maintaining a healthier & more comfortable environment for the drivers and passengers.

- **Omega AAM 958** is safe to use. It does not leave any stain on the car interior. Instead, it leaves a fresh delicate perfume-like fragrance in the vehicles after treatment is completed.
- In combination with the deodorization function of Omega 9578 “AIRCOMATIC®” machine, **Omega AAM 958** helps neutralize and remove even the worst odors in your vehicles.

USE FOR

Omega AAM 958 is designed to be used exclusively with Omega AAM 9578 “AIRCOMATIC®” machine which utilizes ultrasonic technology to convert the **Omega AAM 958** liquid into fine vapor that is nebulised to the interior of vehicles. The “AIRCOMATIC®” machine is user-friendly and will automatically switch off once the treatment with **Omega AAM 958** is completed.

Read the product label before use and refer to the user manual of Omega 9578 for instructions on how to use.

Use a bottle (60-ml) of **Omega AAM 958** every three to six months or whenever necessary for maintaining clean, healthy, and comfortable indoor environment in your vehicles (passenger cars or SUVs).
